warm funny and memorable musings on a life spent fishing with this eclectic collection of personal essays taking him from his childhood haunts along the industrial niagara river of the 1960s to alaska and the saltwater flats of the caribbean richard chiappone elongates the fishing writing genre suggesting that he finds almost anything a fisherman does interesting anything but the actual fishing in one piece he
gets no farther than the curb outside his upstate New York childhood home futilely waiting for his ride to the rivers of his dreams in another account he describes an afternoon standing in a midwinter snow bank casting to house cats with humor and self-skewering wit Chiappone admits he can't cast very well ties some of the ugliest flies in the world and spent nineteen years of his life trying to catch a permit the essays both funny and touching reveal him as a writer of stark contradictions a man who despises winter and loves living in Alaska who laments having spent half his life just downstream from the infamous Love Canal and simultaneously remembers those years with elegiac fondness lifting his gaze past the tip of his fly rod and beyond the river and the fish all the way into his own heart he portrays everything from a sentimental memory of his mother to his doubts about the adequacy of his grief over a dead daughter making this compilation a kind of memoir in linked essays a fisherman's life examined Skyhorse Publishing is proud to publish a broad range of books for fishermen our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more while not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

the term fisherwoman does not exactly roll trippingly off the tongue and linda greenlaw the world s only female swordfish boat captain isn t flattered when people insist on calling her one i am a woman i am a fisherman i am not a fisherwoman fisherlady or fishergirl if anything else i am a thirty seven year old tomboy it s a word i have never outgrown greenlaw also happens to be one of the most successful fishermen in the grand banks commercial fleet though until the publication of sebastian junger s the perfect storm nobody cared greenlaw s boat the hannah boden was the sister ship to the doomed andrea gail which disappeared in the mother of all storms in 1991 and became the focus of junger s book the hungry ocean greenlaw s account of a monthlong swordfishing trip over 1 000 nautical miles out to sea tells the story of what happens when things go right proving in the process that every successful voyage is a study in narrowly averted disaster there is the weather the constant danger of mechanical failure the perils of controlling five sleep women and booze deprived young fishermen in close quarters not to mention the threat of a bad fishing run if we don t catch fish we don t get paid period in short there is no labor union greenlaw s straightforward uncluttered prose underscores the qualities
that make her a good captain regardless of gender fairness
physical and mental endurance obsessive attention to detail
but ultimately greenlaw proves that the love of fishing in
all of its grueling isolating suspenseful glory is a matter
of the heart and blood not the mind i knew that the ocean had
stories to tell me all i needed to do was listen svenja

declared a triumph by the new york times book review linda
greenlaw s first book the hungry ocean appeared on nearly
every major bestseller list in the country now taking a break
from the swordfishing career that earned her a major role in
the perfect storm greenlaw returns to isle au haut a tiny
maine island with a population of 70 year round residents 30
of whom are greenlaw s relatives with a clancy esque talent
for fascinating technical detail and a keillor esque eye for
the drama of small town life greenlaw offers her take on
everything from rediscovering home love and family to island characters and the best way to cook and serve a lobster but greenlaw also explores the islands darker side including a tragic boating accident and a century old conflict with a neighboring community throughout greenlaw maintains the straight shooting funny and slightly scrappy style that has won her so many fans and proves once again that fishermen are still the best storytellers around

Jane Bunker returns in her second case Fisherman’s Bend, solving a mystery that is anything but simple. This time, Jane Bunker is being grabbed hook, line, and sinker after surviving a killer investigation along with a couple of attempts on her life. Jane feels she’s finally earned a respite in her beautiful coastal hometown of Green Haven, Maine but her calm lasts only as long as it takes for Jane to walk past a local lobster boat and discover that its owner has vanished without a trace and if that’s not enough to keep Jane off her hammock, there’s also the matter of the young mariner who allegedly died of a heroin overdose, a missing bait iron, and the red painted corpse. What will it take for Jane to unravel the twists and turns in her latest series of maritime mysteries? The Jane Bunker series is incredible. Library Journal. Fantastic. Sebastian Junger, author of The Perfect Storm. Swiftly paced. Entertainment Weekly.

an alleged humorist once proposed the query are all fishermen liars or do only liars go fishing this does not seem to me to be funny it is doubtless true that a cynical attitude of suspicion and doubt is often exhibited on the recital of a fishing exploit i believe the joke editors of magazines and newspapers are responsible for the spread of the propaganda of ridicule skepticism and distrust of all fish yarns regardless of their source the same fellows have a day of reckoning ahead for the circulation of that ancient but still overworked mother in law joke
