Jessica Jones, Scarred Superhero 2018-07-10 alexis de tocqueville famously said that americans were forever forming associations and saw in this evidence of a new democratic sociability though that seemed to be at odds with the distinctively american drive for individuality yet kevin butterfield sees these phenomena as tightly related in joining groups early americans recognized not only the rights and responsibilities of citizenship but the efficacy of the law a group butterfield says isn't merely the people who join it it's the mechanisms and conventions that allow it to function and where necessary to regulate itself and its members tocqueville then was wrong to see associations as the training grounds of democracy where people learned to honor one another's voices and perspectives rather they were the training grounds for increasingly formal and legalistic relations among people they were where americans
learned to treat one another impersonally

PTL 2017 in tropical renditions Christine Bacareza-Balancing examines how the performance and reception of post-world War II Filipino and Filipino-American popular music provide crucial tools for composing Filipino identities, publics, and politics to understand this dynamic balance advocates for a disobedient listening that reveals how Filipino musicians challenge dominant racialized U.S. imperialist tropes of Filipinos as primitive, childlike, derivative, and mimetic. Balance disobediently listens to how the Bay Area turntablism DJ group the Invisibl Skratch Piklz bear the burden of racialized performers in the United States and defy conventions on musical ownership to karaoke as affective labor, aesthetic expression, and pedagogical instrument to how writer and performer Jessica Hagedorn's collaborative and improvisational authorial voice signals the importance of migration and place and how Pinoy Indie rock scenes challenge the relationship between race and musical genre by tracing the alternative routes that popular music takes in each instance. Filipino musicians, writers, visual artists, and filmmakers work within and against the legacies of the U.S. Philippine imperial encounter and in so doing move beyond preoccupations with authenticity and offer new ways to reimagine tropical places.
