now that park is a daily presence in becca's life she thought everything would be perfect but park gave up everything his home his job and his friends to be closer to her and she can't help but worry if she's good enough to keep him happy after all there's one very intimate part of a relationship that she hasn't yet given him but park doesn't give up easily and he's determined to make this summer one they'll remember for a lifetime don't miss the rest of the series summer alone summer together summer apart summer forever christmas with you

Sound Pedagogy 2007

the entire summer series collection in one from the bestselling summer unplugged series comes the spin off series based on becca sosa can be read as a standalone series includes parts 1 4 summer alone becca's senior year of high school is approaching and she's tired of being the dorky best friend determined to reinvent herself with help from bayleigh she plans to spend the summer breaking out of her shell when bayleigh gets grounded and sent away for three months becca's plans come crashing down before they've even started now becca is alone and can't even talk to bayleigh on the phone not wanting to miss out on the summer before senior year she takes a job at the local indoor bmx track the job is fun her boss is laid back and the place is packed with hot guys one of them just might have a crush on her this may be a summer without her best friend but it doesn't mean she'll have to spend the summer alone summer together it's the summer after graduation and bayleigh just asked becca to be her maid of honor determined to give her best friend the greatest wedding ever becca has a lot on her plate when she thinks she's finally got everything under control a certain member of the groom's bridal party can't keep his eyes off her becca's not sure how to handle all the attention but she is sure of one thing this will be a summer to remember summer apart becca survived her first year of college barely and now she's out for summer break this would be an awesome time to hang out with her mega cute and famous motocross racing boyfriend nolan park but unfortunately for her she just broke up with him as much as she likes park she couldn't handle the emotional turmoil of having him go back home to california after every visit the paparazzi are watching his every move and becca doesn't like what she sees about park online she thinks the time apart will do her some good she's never been more wrong in her life summer forever now that park is a daily presence in becca's life she thought everything would be perfect but park gave up everything his home his job and his friends to be closer to her and she can't help but worry if she's good enough to keep him happy after all there's one very intimate part of a relationship that she hasn't yet given him but park doesn't give up easily and he's determined to make this summer one they'll remember for a lifetime christmas with you the holidays are approaching and becca is nervous about meeting park's parents for the first time as they embark on a trip to california everything that can go wrong does go wrong for becca and park the only thing they can always count on is their love for each other
Summer Forever 2012-10-19

this book and its contributors all of whom view literacy research as explicitly political and potentially transformative provide images and approaches that show how work with in the local can and must be connected to global issues in order to effect political action researchers and educators are urged to take activist stances that directly affect and address the needs of all people across lines of race class ethnicity sexuality and gender the book is organized into three parts each focusing on different aspects of literacy research for political action these include theoretical considerations and methodological approaches that support this work a reconsideration of the roles of participants as collaborators in this kind of literacy research and finally examples of projects specifically aimed at addressing global issues through local research for political action

The Summer Series 2017-03-17

at age sixteen james grew up fast when his father died he played baseball in high school and received a college scholarship concerned about his mother and brothers he hoped his athletic talent would lead to a financially successful professional baseball career then one day while playing a pick up football game james was seriously injured and diagnosed a quadriplegic he asked the doctor how bad is it the doctor responded bad enough you ll never walk again and possibly not move from the neck down thankfully god placed james within a family that didn t accept such advice after years of hard work fortitude and perseverance he was able to return to college after completing his bachelor s degree it took him three years to land a teaching contract prospective employers saw the wheelchair not the applicant as an educator james received teaching and coaching awards confident he decided to return to college after completing his doctoral degree in may 2011 james became a motivational speaker encouraging other people to triumph over tragedies he knows all of this would not have been possible without god in his life his family s support and his personal values the desire to succeed in life and overcome adversities

Literacy Research for Political Action and Social Change 2020-04-02

the 4 point series is designed for english language learners whose primary goal is to succeed in an academic setting academic english learners need skills based books that focus on reading listening and speaking as well as the two primary language bases of vocabulary and grammar the ultimate goal is to help your students improve these skills and earn a 4 0 gpa the introduction to english for academic purposes eap level is designed for students in academic programs who need a more general introduction to authentic academic content the discrete skills volumes are designed for programs and courses that want to more intensively focus on key strategies and authentic academic content in one skill area each 4 point volume covers academic skills while providing reinforcement and systematic recycling of key vocabulary issues and further exposure to grammar issues these volumes focus
very heavily on vocabulary because language learners know that they are way behind their native speaker counterparts when it comes to vocabulary each book highlights key vocabulary items including individual words compound words phrasal verbs short phrases idioms metaphors collocations and longer set lexical phrases. Speaking for academic purposes is an introductory textbook containing English for academic purposes content each unit includes activities to strengthen a range of speaking skills notably understanding classroom discourse using academic language functions recognizing signal words and phrases and synthesizing information these activities are presented within the context of one field of academic study marketing earth science u s history chemistry and fine arts per unit unique to this speaking text are six videos showing common student interactions access to the videos is free each unit includes three academic speaking strategies including one specific to making presentations and tasks that involve participating in group discussions interacting with native speakers and making a presentation the goal is to provide students with a variety of strategies tools to master academic situations in which they need to participate.

One More Play 2023

The Methuen Drama Handbook of Interculturalism and Performance explores groundbreaking new directions and critical discourse in the field of intercultural theatre and performance while surveying key debates concerning interculturalism as an aesthetic and ethical series of encounters in theatre and performance from the 1960s onwards the handbook’s global coverage challenges understandings of intercultural theatre and performance that continue to prioritise case studies emerging primarily from the west and executed by elite artists by building on a growing field of scholarship on intercultural theatre and performance that examines minoritarian and grassroots work the volume offers an alternative and multi-vocal view of what interculturalism might offer as a theoretical keyword to the future of theatre and performance studies while also contributing an energized reassessment of the vociferous debates that have long accompanied its critical and practical usage in a performance context by exploring anew what happens when interculturalism and performance intersect as embodied practice the Methuen Drama Handbook of Interculturalism and Performance offers new perspectives on a seminal theoretical concept still as useful as it is controversial featuring a series of indispensable research tools including a fully annotated bibliography this is the essential scholarly handbook for anyone working in intercultural theatre and performance and performance studies.

Speaking for Academic Purposes 2014-07-03

Built on an interdisciplinary synthesis that draws from cognitive science educational leadership psychology neuroscience and history bridging the gap creating a culturally responsive school offers research concrete examples of practice and policy connections in securing high impact culturally responsive teaching and leadership while laying the foundation for the Black teacher pipeline.
The Methuen Drama Handbook of Interculturalism and Performance 2007

this inaugural handbook documents the distinctive research field that utilizes history and philosophy in investigation of theoretical curricular and pedagogical issues in the teaching of science and mathematics it is contributed to by 130 researchers from 30 countries it provides a logically structured fully referenced guide to the ways in which science and mathematics education is informed by the history and philosophy of these disciplines as well as by the philosophy of education more generally the first handbook to cover the field it lays down a much needed marker of progress to date and provides a platform for informed and coherent future analysis and research of the subject the publication comes at a time of heightened worldwide concern over the standard of science and mathematics education attended by fierce debate over how best to reform curricula and enliven student engagement in the subjects there is a growing recognition among educators and policy makers that the learning of science must dovetail with learning about science this handbook is uniquely positioned as a locus for the discussion the handbook features sections on pedagogical theoretical national and biographical research setting the literature of each tradition in its historical context it reminds readers at a crucial juncture that there has been a long and rich tradition of historical and philosophical engagements with science and mathematics teaching and that lessons can be learnt from these engagements for the resolution of current theoretical curricular and pedagogical questions that face teachers and administrators science educators will be grateful for this unique encyclopaedic handbook gerald holton physics department harvard university this handbook gathers the fruits of over thirty years research by a growing international and cosmopolitan community fabio bevilacqua physics department university of pavia

Bridging the Gap 2017-09-29

it s been six months and i still can t get my english language learners to participate in class how can i help my newcomers feel more comfortable around other students am i doing enough to help my english language learners succeed have you had these thoughts take heart you are not alone as schools and districts swell with growing numbers of english language learners and as administrators and teachers wrestle with federal guidelines for educating these students many educators are faced with these same challenges and much more to meet these challenges it is imperative for educators to learn about and use the theories and teaching strategies that will help english language learners succeed in the classroom in getting started with english language learners how educators can meet the challenge judie haynes provides a practical resource to help educators who are new to the field of english as a second language understand the needs of english language learners from learning how students acquire a second language to differentiating instruction to exploring practical strategies for teaching newcomers this book will help educators learn how to create effective learning environments for english language learners real life scenarios from actual classrooms are
presented throughout the book the book also includes a brief overview of different types of esl programs used in the united states and a helpful glossary of common esl terminology new teachers veteran educators working with english language learners for the first time and administrators can all use this book to increase their knowledge improve their practice and most importantly effectively educate and inspire english language learners note this product listing is for the adobe acrobat pdf version of the book

Us History II Test Prep Superhero 2014-01-01

engaging and accessible account of the war that helped forge the american nation the war of 1812 sometimes called america s forgotten war was a curious affair at the time it was dismissed as mr madison s war later it was hailed by some as america s second war for independence and ridiculed by others such as president harry truman as the silliest damned war we ever had the conflict which produced several great heroes and future presidents was all this and more in america s first crisis robert p watson tells the stories of the most intriguing battles and leaders and shares the most important blunders and victories of the war what started out as an effort to invade canada fueled by anger over the harassment of american merchant ships by the royal navy soon turned into an all out effort to fend off an invasion by british armies marched across the canadian border and sacked villages navies battled on lake ontario lake champlain and the world s oceans both the american and canadian capitals were burned and in a final irony the united states won its greatest victory in new orleans after the peace treaty had been signed watson has...
produced a highly readable and lively account of the key battles commanders and events of this forgotten war. Watson presents this important war as not only unnecessary and filled with intrigue but a conflict that ended up shaping both American nationalism and the geopolitical future of the continent. This book accomplishes its goal of providing a new understanding of the importance of this underappreciated war. Richard M. Yon, United States Military Academy, this thorough informative and engaging narrative of the war of 1812 will be of great interest to scholars, students, and anyone interested in military history and American politics. It brings battles from over two hundred years ago to life and illustrates why studying this war is essential to understanding conflicts over U.S. foreign and defense policy today. It combines skillful historical research with careful attention to major institutional developments in the American political system. Meena Bose, Hofstra University, Professor Watson provides marvelous insights into America's first declared though least known and understood war from British impressments to diplomatic missteps. The reasons for this war that almost started in 1807 are illuminated. The rookie mistakes that nearly cost America her newly won independence, the defensive stands that serve as a source of pride for many Canadians, and the exhausted adventures of British crusaders are brought to life as the characters, ships, and battles are described with vivid detail and in a straightforward manner. This book will please students of American history interested in both diplomacy and war and also satisfy the casual reader looking for greater knowledge and awareness about the war of 1812.

Sean D. Foreman, Coeditor of the Roads to Congress 2012

Dark Legend 2019-03-19

Luke Perry's inaugural pivot in the Palgrave Studies in US Elections series examines the impact of Donald Trump on the 2018 midterm campaigns in Central New York, particularly competitive campaigns for NY 19, NY 22, and NY 24, providing a contextual foundation for these races considering factors such as incumbency advantage, history of party control of the seat, registered party members, statewide electoral norms, fundraising, and polling. Donald Trump and the 2018 midterm battle for Central New York then analyzes the positions and rhetoric of these GOP reelection campaigns paying particular attention to the continuity and variance in relation to Trump's personal populist and negative campaign style. When examined alongside the results of the midterm election, the outcomes illustrated how the president hurt more than helped House GOP incumbents. Revealed the quality of candidates proved how campaigns and grassroots organizing matter and demonstrated that moderate Democrats were more successful than progressive ones.
