A certain amount of whining allows for some venting of reasonable pain, disappointment, fear, frustration, or frank rage. However, staying stuck in whining mode can become a life long problem. This is where Dr. Laura steps in with Stop Whining, Start Living to help folks conquer the temptation to retreat from living life to the fullest. As she reveals in her introduction, no matter what you've suffered or continue to suffer while you are alive, you have the opportunity to get something from this life and I'm going to do my best to help you with that. I know of what I speak as this has been my torturous journey. Also, building on the principles developed during her long career as a licensed marriage and family therapist and addressing the chronic struggles of so many of her listeners and readers, Dr. Laura issues an important message in her no-nonsense but compassionate voice that is her trademark. If you don't like your life, quit talking about your unhappiness and try to fix it. No matter how difficult or impossible your situation seems while it is healthy to vent occasionally, endless rumination on the negative only keeps you paralyzed in misery, reinforces hopelessness, and demoralizes those around you who feel helpless to bring any happiness to your life.
