Diccionario Manual Castellano-Catalan. (Diccionario Catalan-Castellano.) Por F. M. F. P. y M. M. 1836 as one of the formative periods in canadian history the late nineteenth century witnessed the birth of a nation a people and a literature in this study of canada s first school of poets d m r bentley combines archival work including extensive research in periodicals and newspapers with close readings of the work of charles g d roberts archibald lampman bliss carman william wilfred campbell duncan campbell scott and frederick george scott bentley chronicles the formation reception national and international successes and eventual disintegration after the 1895 war among the poets of the confederation group whose poetry forever changed the perception and direction of canadian literature with the aid of biographical political and sociological analyses bentley s literary history delineates the group s political aesthetic and thematic dispositions and characteristics and contextualizes them not only within canadian history and politics but also within
contemporary intellectual and literary currents including romantic nationalism, Canadianism, and poetic formalism. Bentley casts new light on the poets’ commonalities such as their debt to Young Ireland, their commitment to careful workmanship, and their participation in the American Mind Cure Movement as well as on their most accomplished and anthologized poems from 1880 to 1897. In the process, he presents a compelling case for the literary and historical importance of these six men and their poems in light of Canada’s cultural and political past and defends their right to be known as Canada’s first poetic fraternity at a time when Canada was striving to achieve literary and national distinction. The Confederation Group of Canadian Poets 1880-1897 is an erudite and innovative work of literary history and critical interpretation that belongs on the bookshelf of every serious scholar of literary studies.
