strichzeichnungen des kultautors in the period 1949 1952 during contact evenings in the ken u zelven building in de ruysterstraat in the hague jozef rulof answered questions from the public many of the questions were about the content of the books which had already been published other questions were about the themes and questions of life and death occupying the public the questions and answers were first recorded in writing and worked out by mrs c bruning who was appointed by jozef rulof for this purpose jozef rulof altered and added to the records until he was satisfied that they were a well considered entirety which you will find in part 1 of questions and answers later the contact evenings were recorded by wire recorder the forerunner of the tape recorder the text from these sound recordings was typed out in order to give the reader as complete a copy as possible of the original spoken text parts 2 3 and 4 of questions and answers contain the text literally spoken by jozef rulof the editors are aware of the fact that these books do not contain fluent texts in good dutch the main purpose of these books is therefore to provide already advanced readers with study material to further enrich their spiritual knowledge and insight parts 5 and 6 of questions and answers contain the answers which master zelanus gave to the public during the contact evenings in the sarphatistraat in amsterdam these parts also
contain the literal spoken text some of these questions also concerned the lectures which master zelanus gave during the same period in the
diligentia building in the hague and they are recorded in the three parts of the lectures during these evenings the speakers constantly
repeated that the answers were intended for people who had read all the previously published books.
