Broadway musicals are one of America's most beloved art forms and play to millions of people each year but what do these shows which are often thought to be just frothy entertainment really have to say about our country and who we are as a nation now in a new second edition the Great White Way is the first book to reveal the racial politics content and subttexts that have haunted musicals for almost one hundred years from Show Boat 1927 to Hamilton 2015 this revised edition includes a new introduction and conclusion updated chapters as well as a brand new chapter that looks at the blockbuster musicals the Book of Mormon and Hamilton musicals mirror their time periods and reflect the political and social issues of their day Warren Hoffman investigates the thematic content of the Broadway musical and considers how musicals work on a structural level allowing them to simultaneously present and
hide their racial agendas in plain view of their audiences while the musical is informed by the cultural contributions of African Americans and Jewish immigrants. Hoffman argues that ultimately the history of the American musical is the history of white identity in the United States. Presented chronologically, The Great White Way shows how perceptions of race altered over time and how musicals dealt with those changes. Hoffman focuses first on shows leading up to and comprising the Golden Age of Broadway (1927-1960) and then turns his attention to the revivals and nostalgic vehicles that defined the final quarter of the twentieth century. He offers entirely new and surprising takes on shows from the American musical canon, including Show Boat (1927), Oklahoma! (1943), Annie Get Your Gun (1946), The Music Man (1957), West Side Story (1957), A Chorus Line (1975), and 42nd Street (1980). In addition to a new chapter on Hamilton and The Book of Mormon, this revised edition brings the Great White Way fully into the twenty-first century with an examination of jukebox musicals and the role of off-broadway and regional theaters in the development of the American musical. New archival research on the creators who produced and wrote these shows, including Leonard Bernstein, Jerome Robbins, Stephen Sondheim, and Edward Kleban, will have theater fans and scholars rethinking forever how they view this popular American entertainment.

**Drawn to the Gods**

2011-06-07

This contributed two-volume work tackles a fascinating topic: how and why God plays a central role in the modern world and profoundly influences politics, art, culture, and our moral reflection, even for nonbelievers. God in the many ways that people around the globe conceptualize him, her, or it, is one of the most powerful divisive, unifying, and creative elements of human culture. The two volumes of God and Popular Culture provide readers with a balanced and accessible analysis of this fascinating topic that allows anyone who appreciates any art, music, television, film, and other forms of entertainment to have a new perspective on a favorite song or movie. Written by a collective of both believers and nonbelievers, the essays enable both nonreligious individuals and those who are spiritually guided to consider how culture approaches and has appropriated God to reveal truths about humanity and society. The book discusses the intersections of God with film, television, sports, politics, commerce, and popular culture, thereby documenting how the ongoing messages and conversations about God that occur among the general population also occur within the context of the entertainment that we as members of society consume often without our recognition of the discussion.

The only official companion book to the Tony Award winner for Best Musical from the creators of South Park and the co-creator of Avenue Q features the complete script and song lyrics with 4 color spot illustrations throughout. An original introduction by the creators and a foreword by Mark H. Harris, the Book of Mormon follows a pair of mismatched Mormon boys sent on a mission to a place that’s about as far from Salt Lake City as you can get. Features book music and lyrics by Trey Parker, Robert Lopez, and Matt Stone. The book includes an original foreword by journalist Mark Harris, author of Pictures at a Revolution, an original introduction by the authors on the genesis of the show, a production history, the complete book and lyrics with four color spot illustrations throughout.

**God and Popular Culture [2 volumes]**

2010

No American television show of the past decade has been vilified as has Comedy Central’s South Park. This is the show that has featured in turn a nine-year-old boy, enmeshed in an affair with Ben Affleck, a maniacal Mel Gibson, smearing feces everywhere, and the misadventures of Mr. Hankey, the Christmas Poo—a talking bouncing singing piece of poop while it’s not always an exercise in good taste. South Park is a socially significant satire that has also devoted entire episodes to interpretations of Great Expectations, Ken Burns Civil War, and Hamlet. This volume explores the popularity and cultural relevance of South Park and its place as an artistically and politically worthy satire.

**The Book of Mormon Script Book**

Ready to break out of the vicious eat less, exercise more cycle by boosting metabolism? Don’t know how to lose weight other than starve yourself until you’re too miserable to continue most diet and fitness gurus think that there is no possible way to speed up metabolism and lose weight without creating a forced
calorie deficit via hard work and discipline I suppose you could just weight for them to figure out the most efficient and effortless way to lose excess body fat and speed up metabolism without running into the very mechanisms that cause rebound overeating and fat storage when you finally fall off the treadmill but I wouldn’t hold my breath. Download 180 degree metabolism: the smart strategy for fat loss and how you look, how you feel, and how you think about waist management will be forever changed. Most importantly, whether you wanna lose weight or not, you’ll divorce restricted dieting for life especially after you finish reading the chapter duck fiets. *The Deep End of South Park* 2018-04-20 deconstructing south park critical examinations of animated transgression is an edited collection by Brian Cogan that looks at the long and controversial run of one of the most subversive programs on television. South Park while denounced by many as simply scatological, it is actually one of the most nuanced and thoughtful programs on television. The contributors to South Park reveal that through the lens of four foul-mouthed nine-year-olds, Trey Parker and Matt Stone have created one of the most astute forms of social and political commentary in television history. Deconstructing South Park itself the most ambitious deconstruction of popular culture to date analyzes how South Park is not only entertainment but a commentary on American culture that tackles controversial issues far beyond the depth of most television. Specifically, the medium of animated sitcom allows the show’s creators to contribute to cultural conversations regarding disability studies, religion, sexuality, celebrity, and more. If South Park deconstructs American culture then Cogan and his contributors deconstruct the deconstructionists and reveal South Park in all its hilarious and often contradictory complexity.

**180 Degree Metabolism: The Smart Strategy for Fat Loss** 2008-09-11 animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades but not until 1937 did a major studio venture into animated features when Walt Disney produced Snow White and the Seven Dwarfs. Of the hundreds of animated feature films made since then, there have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In '100 greatest American British animated films' Thomas Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information, production history, critical reaction, commentary on the film’s cinematic quality, a discussion of the film’s influence, voice casts, production credits, songs, sequels, spin-offs, Broadway versions, and television adaptations, awards, and nominations. Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since familiar favorites and lesser known gems are included making the book a fascinating journey for both the avid animation fan and the everyday moviegoer with a sweeping look at more than eight decades of movies. '100 greatest American and British animated films' highlights some of the most treasured features of all time.

**Rückkehr ins Kinderseelen-KZ** 2017-04-01 collection of scholarly essays on the wildly popular comedy central show. Deconstructing South Park. 2006 if you had told me 2 years ago that such a small change in my diet would yield such a big difference in my health I would have laughed right in your face. Chris Randall vegan in the vegan solution: why the vegan diet often fails and how to fix it. Prolific author Matt Stone shares his pioneering research on the role of metabolic rate in health. As applied to a vegan diet, in the book you’ll learn about the frigid fourteen fourteen metabolism lowering mistakes that are frequently being committed in the vegan world. These simple, misguided mistakes are commonplace and extremely detrimental to the metabolic rate and all of the body’s systems affected by it. Yet they are all simple to fix. Returning the body back to proper function oftentimes while remaining completely vegan. Popular YouTube vlogger Chris Randall, who lost 150 pounds and rid himself of many chronic health issues and has had a sensational return to health with a vegan diet also chimed in with his personal experience and advice after applying many of Stone’s methods. Randall has spent many months as a personal client of Stone’s and has seen his body temperature return to normal, his strength and sex drive is soaring like never before and he is getting progressively leaner and healthier eating in excess of 4,000 calories.
daily far more than he was eating prior in the book you'll find out how you vegan or not can apply the same methods and achieve similar results all with changes so minor it will seem far fetched that it could actually yield such dramatic changes the common negatives you hear about a vegan diet losing muscle mass and strength hair loss horrendous digestion tooth decay freezing cold hands and feet frequent urination insomnia dry skin loss of menstruation and sex drive and more are things most assume to be a consequence of avoiding animal products stone and randall propose otherwise and aim for fixing your vegan diet instead of rushing you down to the local steakhouse whether you are thinking about trying out a vegan diet or have been at it for many years this book is the manual for how you can properly meet your physiological needs avoid the ravages of a poorly designed vegetarian diet and thrive in an endless sea of pseudo scientific and cultish vegetarian literature and propaganda the vegan solution offers up real sound simple advice based on the scientific reality of our human needs and biological function it's a must read for anyone attempting to follow a vegan diet

100 Greatest American and British Animated Films 2016-05-26 an enthralling story of danger and desire first published in 2003 safe and steady pretty much sums up maggie stanton's life but a chance encounter stirs long buried desires and urges her to do the unimaginable take a risk shockingly the man who convinces her to forsake predictability for passion is the full grown version of her childhood best friend only this matthew stone wants more and maggie almost believes that their whirlwind romance is meant to be then she learns that matthew is keeping a secret and the consequences could change everything

Taking South Park Seriously this book examines contemporary american animated humor focusing on popular animated television shows in order to explore the ways in which they engage with american culture and history employing a peculiarly american way of using humor to discuss important cultural issues with attention to the work of american humorists such as the southwest humorists mark twain dorothy parker and kurt vonnegut and the question of the extent to which modern animated satire shares the qualities of earlier humor particularly the use of setting the carnivalesque collective memory racial humor and irony humor and satire on contemporary television concentrates on a particular strand of american humor the use of satire to expose the gap between the american ideal and the american experience taking up the notion of the great american joke the author examines the discursive humor of programmes such as the simpsons south park family guy king of the hill daría american dad the boondocks the pjs and futurama a study of how animated television programmes offer a new discourse on a very traditional strain of american humor this book will appeal to scholars and students of popular culture television and media studies american literature and visual studies and contemporary humor and satire
