includes 39 maps and plans the campaign and battle of chickamauga aug sep 1863 is an excellent vehicle for a staff ride because of the size of the forces involved and the difficulty of the terrain encountered it represents an opportunity to raise many challenging teaching points relevant to today's officer second the nation has wisely preserved most of the primary battle area in the chickamauga and chattanooga national military park and has marked most unit positions for detailed study by visitors these markers are linked by an extensive trail network that permits access to all significant areas of the field thus the park is an excellent physical laboratory for the study of conflict at the tactical and human level the staff ride handbook for the battle of chickamauga 18 20 sep 1863 provides a systematic approach to the analysis of this great civil war battle part i describes the organization of the federal and confederate armies detailing their weapons tactics and logistical engineer communications and medical support in part ii the chickamauga campaign is discussed placing the battle in historical perspective and illustrating how the battle fits into the overall context of the chickamauga campaign part iii furnishes a suggested route to follow in order to get a firsthand concrete view of how the battle developed by following this route various phases of the battle can be discussed and significant points made concerning the evolving battle also in part iii are various vignettes by participants in the battle that describe the fight and offer insights into the emotional disposition of the combatants part iv furnishes current information on the
chickamauga site sources of assistance and logistical data for conducting a staff ride in addition appendixes give order of battle information for the two armies meteorological data and a list of medal of honor recipients in the battle a bibliography is also provided

illustrated with 9 figures and 11 maps of the campaign and engagements at perryville the battle of perryville symbolized the high water mark of the confederacy in the western theater of operations in aug 1862 general braxton bragg and major general mg edmund kirby smith led separate armies into kentucky to wrest the state from the union and install a confederate governor they initially met success and captured the state capital simultaneously shifting the war in the west from northern mississippi and alabama to kentucky in response the north raised additional forces to protect cincinnati and louisville while mg don carlos buell halted his offensive against chattanooga and marched his army of the ohio back to kentucky on 8 oct 1862 buell s army clashed with bragg s at perryville the confederates achieved a tactical success in a hard fought engagement that generated more than 7 000 casualties of the regiments engaged 10 suffered losses between 40 and 60 percent however outnumbered by three to one bragg s army could not sustain its victory and withdrew within days of the battle all of the invading southern forces retired from the state kentucky remained firmly in the union and secure from confederate invasion for the war s duration despite its
importance to the course of the war in the west perryville does not benefit from the high visibility accorded the better known civil war sites such as manassas gettysburg antietam and chickamauga although more than 70 000 union and confederate soldiers deployed in and around perryville understanding of the battle and its significance to the overall course of the war remains poor for staff ride purposes this unfamiliarity can be a benefit it forces the participants to study and think about the situation facing their civil war counterparts without the preconceived notions that surround the more popular sites
